

# NEW Rubber Line Blocks

**For use with bricklayer's lines to ensure that brick and blocks are laid out in a straight line**

- Blocks are angled at 87.5° so that, when under tension, they square up into the corner of the brick for a better grip and a more stable line.
- Rubber surface and grooves prevent slippage whilst in use.
- Lightweight and easy to use.
- Highly visible fluorescent colours – easy to see, not so easy to lose.
- Counter top display merchandiser of 24 pieces – 12 orange and 12 yellow.
- Each line block individually barcoded.
